NEW for 2023!

- Please be advised that if COVID cases increase, further precautions and/or relocation of camp may be possible.
- To better ensure that we are providing the best services for all participants, we are now requiring pre-camp interviews for new campers and campers who have had significant changes. During this interview, staff will review all the policies/expectations, discuss specific participant needs, how the program could/would support and what next steps might be appropriate. If an interview cannot be scheduled, participants will not be able to attend camp.
- If a camper requires a one-on-one personal assistant at school, the camper must come to camp with a one-on-one. Parents/guardians are responsible for providing the one-on-one. Please see policy on page 18.
- If the camper is currently enrolled in school, parents/guardians must provide their IEP and/or BIP (Behavior Intervention Plan).
- To continue offering diverse field trips and catered lunches, registration fees have increased slightly this year.

If a parent/guardian needs to pick up a camper while on a field trip or at the camp site, it is their responsibility to pick them up on site. Always check your calendar and Sign In/Out table for reminders.

For safety reasons, all participants must behave on the bus/van or they will be suspended. We reserve the right to dismiss a participant from the transportation system or camp if they exhibit disruptive or threatening behavior. Safety, enjoyment, and respect for each participant and the staff are very important to the program.

ALL participants **MUST** obey the following transportation rules:

Parent/guardians will be informed by the camp directors of any incidents, including illnesses, injuries, adverse reactions to medications, etc., that may affect their participant. In the case of an emergency, every effort will be made to contact the parent/guardians of participants. In the event that parent/guardians, physicians, or other authorized persons cannot be contacted, the Burlington Recreation & Parks is authorized to take whatever action is deemed necessary, in their judgment, for the health and safety of the participant.

Injuries

An accident/incident report will be provided for the participant in case of injury or illness and parent/guardians will be notified. If parent/guardians cannot be reached in an emergency situation then the emergency contact person(s) on file will be notified. Camp Directors and Senior Counselors are trained in basic First Aid and CPR. *Notify the Director if contact names and telephone numbers change. Any changes must be submitted in writing.*

Notice About Ticks & Splinters

Since we are mainly an outdoor camp, we encounter lots of different bugs, including mosquitos, spiders, and ticks. Each participant's health and safety are our number one concern; we have procedures in place to support this and need your help as well. Since we will be outdoors a majority of the day, please check your participant daily for ticks. We are not allowed to remove a tick or splinters from participants. We will call you if we locate a tick or splinter on the participant during the day.

Medical Report Information

The Medical Report information is required for new participants and must be updated every two years. If there are changes to the participant's health or medications during camp, please inform the directors and update forms as necessary.

Medication

For any participant with health care needs such as allergies, asthma, or other chronic conditions that require medication, a completed Medication Policy & Action Plan Packet must be attached to the application. **Only medications which are medically necessary and cannot be scheduled outside the hours of the recreation program will be administered during the program or kept on site.** Children may not medicate themselves*. The Medication Policy & Action Plan Packet must be completed by the child's parent/guardian and health care professional.

A Medication Policy & Action Plan Packet is required to administer medication and to have on site PRIOR to participant attending the program. The completed policy must accompany the medicine in its original container with instructions of the dosage. All medication (i.e. over-the-counter & prescription) and/or medical devices that may be used at the program of any kind will be kept in a central location. Only program directors will assist or administer medication, not the counselors. It will be the responsibility of the camper to get their medicine from the program director. No participants should be in possession of over-the-counter or prescription medication.

*NOTICE: Please allow up to 2 weeks to process for approval if completed correctly. Certain medications that require medical support accommodations will require additional staff training & may take an extended amount of time and additional forms. A new Medication Policy & Action Plan Packet is required when registering for separate programs (i.e. camps, after school program). **Packet information does not carry over from one year to the next.***

If participant must take medication of any kind during program hours, including over-the-counter drugs, the following will apply.

1. You may come to the program and give the medication to your child at the appropriate time.
2. You may obtain a copy of the Medication Policy & Action Plan Packet upon request from the Burlington Recreation & Parks Main Office, program site, & online at www.BurlingtonNC.gov/specialpops. Take the form to your child's doctor or health care provider and have them complete the form by listing the medication(s) needed, dosage, and number of times per day the medication is to be administered. **This form must be completed and signed by the authorized prescriber for both prescription and over-the-counter drugs.** The form must also be signed by the parent or guardian.
 - a. Prescription medications must be brought to camp in a pharmacy labeled bottle that contains instructions on how and when the medication is to be given.
 - b. Over-the-counter drugs must be received in the original container and will be administered according to the prescriber's written instructions.

***Some medications such as inhalers or emergency injections can be self-administered.**

(No medications, lip balms, cough drops, creams or ointments can ever be left in participant's back packs or bags.)

Discipline & Behavior Management Policy

It is our goal that every participant has a fun and safe experience at camp. To help ensure this, we ask that you and the participant read these guidelines. It is very important that both you and the participant be aware of the rules and subsequent consequences. Participants must obey rules for safety of themselves as well as for fellow participants.

Please read, complete, and sign the "Discipline & Behavior Management Policy" on the registration form to help our staff provide the best programming for the participant. In order to ensure the safety of our participants and staff and the success of the camp experience, we reserve the right to send a participant home if he/she is out of control, poses a threat to self or others, or continuously displays behaviors that interfere with the camp experience.

Discipline Policy

Disciplinary problems will be handled first by a conversation with the participant. If the problem continues, a parent/guardian conference will be requested, and then suspension from the camp is possible. Immediate suspension may be necessary based on severity of situation. If the staff finds that a participant cannot function safely within the group, we will ask that the parent/guardian withdraw the participant from the program. Once a child has been expelled from a Burlington Recreation and Parks program, the re-enrollment period is 1 year pending an evaluation. Safety, enjoyment, and respect for each camper and the staff are very important to the program.

Staff will make every effort to encourage positive participation and utilize strategies and available resources in response to unacceptable behaviors. Praise and positive reinforcement are effective methods of the behavior management of children and adults. When people receive positive, non-violent, and understanding interaction from others, they develop good self-concepts, problem-solving abilities and self-discipline. We prefer methods of positive redirection and the use of short time-outs/breaks.

The participants and staff of Burlington Recreation & Parks youth programs are asked to treat each other with respect, patience, kindness, and consideration. Burlington Recreation & Parks behavior expectations and guidelines will be explained and reinforced with the participants.

Appropriate social behavior is stressed during all programs. The staff will do their best to ensure each participant's success in the program. If a participant's behavior is detrimental to the group or self (kicking, biting, spitting, self-abusing, refusal to stay with the group, etc.), a parent/guardian will be called to pick up the participant immediately. Burlington Recreation and Parks reserves the right to dismiss the participant from the program if it is deemed necessary due to the participant posing a threat to themselves or others.

Staff to participant ratio is 1:2 at Camp Green Leaves. Note: We do not provide one-on-one services. If called to pick up participant due to behavior, please make sure you have a plan in place to pick up the participant within one hour.

Parent Code of Conduct

Upon presentation of identification, parents/guardians have the right to enter and visit the facility where the participant(s) is/are receiving care. The law prohibits discrimination of retaliation against any participant or parent/guardian to exercise their rights to visit.

- The law authorizes the person in charge of the facility to deny access to the parent/guardian under the following circumstances:
 - The parent/guardian is behaving in a way that poses a risk to the children in the facility.
 - The adult is a non-custodial parent and the facility has been requested in writing by the custodial parent to not permit access to the non-custodial parent.

Under no circumstance should a parent/guardian approach another participant other than their own. While in the facility parents/guardians are expected to act appropriately by speaking in an appropriate tone and using appropriate language at all times. Any parent/legal guardian who does not behave in this manner will be asked to leave the facility.

Custody Agreement

It is the Camp's intent to meet the needs of participants, especially when their parent/guardians are experiencing a difficult situation such as divorce, separation, or remarriage. However, the program cannot legally restrict the non-custodial parent from visiting the participant, reviewing the participant's information, or picking the participant up unless the camp has been provided with current legal documents restricting the non-custodial parent from having access to the participant. Copies of court documents will be kept with the participant's registration form. The Custody Agreement information must be kept current and submitted annually with registration.

One-on-One or Personal Assistants

The City of Burlington recognizes that individuals with disabilities may require the support of a one-on-one or personal assistant in order to fully participate in Burlington Recreation & Parks programs. Participants who require this assistance are more than welcome to attend.

All participants must be independent with mobility, feeding, toileting and all self-care needs. Participants should participate in group activities and must be able to stay with the group. Participants who are not self-sufficient will be required to have a one-on-one personal assistant, which the parent/guardians must provide. Participants need to be toilet trained or on a timed toilet trained schedule, requiring little or no physical assistance. A parent/guardian must provide one-on-one personal assistant care if participant requires diaper changes, total assistance with toileting, or significant support with other activities of daily living (feeding, dressing, etc.), eyes on supervision most/all of the time, and/or direct support to participate in activities or communicate needs and wishes. Burlington Recreation and Parks will not be responsible for providing or funding one-on-one or personal assistants. The one-on-one or personal assistant must be approved by the Camp Director and Specialized Programming Supervisor prior to the start of camp. The one-on-one personal assistant can be a family member, care giver, service provider, or other individual able and qualified to provide needed support to the participant with a disability and must be at least 18 years old. The one-on-one personal assistant must complete an information form, waiver, and a background check PRIOR to the start of camp. **Please allow up to 2 weeks to process for approval.*

If a camper requires a one-on-one personal assistant at school, the camper must come to camp with a one-on-one.

Emergency Drills

Camp Green Leaves will practice fire and tornado drills. We have also implemented drills for shelter-in-place, lockdown, & evacuation. By practicing our emergency preparedness and response, it reduces the risk of injury for children and adults, as well as damage to buildings and grounds. In case of an emergency, the participant will be evacuated to Thataways Youth Center (336.222.5134). If Thataways is evacuated, they will be taken to Fairchild Community Center (336.222.5119) on Graham-Hopedale Road. Parent/guardians will be notified.
